Dear Parents
Warmest Greetings!

'Summer Vacation is a sweet encouragement for your hard work with deep love.'
Summer vacation forms an integral part of every child's life. As summer rolls around, students ardently wait for the vacation to start to spend time with the loved ones, relax and rejuvenate.

Who wouldn't love to have a fun-filled vacation? Certainly, summer vacation time is exquisite and it also is the best time to learn new things and pursue their hobbies. Therefore, children need to utilize this time more wisely in dynamic learning. As parents it's important for you to keep your kids active and engaged with a variety of fun-engaging games and activities. It will help enrich their skills and keep them entertained during their break.

Reading is one of the best summer-time activities as it helps to improve their reading skills, helps to gain knowledge, increase vocabulary, etc. Summer vacation can be made interesting by going for trips as they give kids chance to explore the world with fresh air, exercise, and observation. Engaging kids in arts and crafts, gardening, watching movies, cooking, learning new skills, joining online courses, helping parents in daily chores, etc. help in the child's growth and development.

How can one ignore studies during summer vacation?

Dear parents, holiday homework provides the perfect opportunity to students to keep their 'intellectual mind' ticking over, and keeps them challenged and stimulated. It develops vital skills such as independent research, enhancing knowledge, etc. which ultimately helps them to prepare for university life. Parents' role in encouraging children to do their holiday task is an undeniably a major one. Therefore, you are expected to render your whole-hearted support to your kids in completing their homework. Thus, summer vacation can prove to be a time of fruitful exuberance as children reap benefits from them if spent wisely and intelligently.

Hope you all enjoy your family time, laughter, and have fabulous memories!
We wish you all a safe and fun summer time!
Happy Summer Vacation!

Summer Vacations are here. A few vital suggestions are listed below to make the vacations more exciting and fruitful than ever before:

- Keep at least half an hour a day for sharing experiences with your child.
- Encourage your child to speak in English. Fix one hour in a day when you communicate with your child only in English.
- Tell your child different stories regularly and encourage him/her to describe what he/she would do in a similar situation. Here are a few suggested titles which you can read with your child. a. Hare and the Tortoise b. Emperor's New Clothes . Thumbelina .
- Let your child colour, draw, paint, play with water and sand etc. . Restrict his or her television watching, confining it to interesting children's programs, cartoon films, discovery channels etc. .
- To improve the formation of letters, make your child write a page everyday. Develop self help skills: Let your child dress and feed on his/her own. Make him understand the importance of cleaning his room and putting away toys and belongings after use. .
- Take your child out for picnics and to other places of his/ her interest. Ask him/her to make a note of all the places he/ she visits and the things he/she sees so that he/she is able to discuss his/her experience in class after the vacation.
