Dear Parents
Warmest Greetings!

‘Summer Vacation is a sweet encouragement for your hard work with deep love.’
Summer vacation forms an integral part of every child’s life. As summer rolls around, students ardently wait for the vacation to start to spend time with the loved ones, relax and rejuvenate.

Who wouldn’t love to have a fun-filled vacation? Certainly, summer vacation time is exquisite and it also is the best time to learn new things and pursue their hobbies. Therefore, children need to utilize this time more wisely in dynamic learning. As parents it’s important for you to keep your kids active and engaged with a variety of fun-engaging games and activities. It will help enrich their skills and keep them entertained during their break.

Reading is one of the best summer-time activities as it helps to improve their reading skills, helps to gain knowledge, increase vocabulary, etc. Summer vacation can be made interesting by going for trips as they give kids chance to explore the world with fresh air, exercise, and observation. Engaging kids in arts and crafts, gardening, watching movies, cooking, learning new skills, joining online courses, helping parents in daily chores, etc. help in the child’s growth and development.

How can one ignore studies during summer vacation?
Dear parents, holiday homework provides the perfect opportunity to students to keep their ‘intellectual mind’ ticking over, and keeps them challenged and stimulated. It develops vital skills such as independent research, enhancing knowledge, etc. which ultimately helps them to prepare for university life. Parents’ role in encouraging children to do their holiday task is an undeniably a major one. Therefore, you are expected to render your whole-hearted support to your kids in completing their homework. Thus, summer vacation can prove to be a time of fruitful exuberance as children reap benefits from them if spent wisely and intelligently.

Hope you all enjoy your family time, laughter, and have fabulous memories!
We wish you all a safe and fun summer time!
Happy Summer Vacation!

Summer Vacations are here. A few vital suggestions are listed below to make the vacations more exciting and fruitful than ever before:

- Keep at least half an hour a day for sharing experiences with your child.
- Encourage your child to speak in English. Fix one hour in a day when you communicate with your child only in English.
- Tell your child different stories regularly and encourage him/her to describe what he/she would do in a similar situation. Here are a few suggested titles which you can read with your child. a. Hare and the Tortoise b. Emperor's New Clothes . Thumbelina '
- Let your child colour, draw, paint, play with water and sand etc. ' Restrict his or her television watching, confining it to interesting children's programs, cartoon films, discovery channels etc. '
- To improve the formation of letters, make your child write a page everyday. Develop self help skills: Let your child dress and feed on his/her own. Make him understand the importance of cleaning his room and putting away toys and belongings after use. '
- Take your child out for picnics and to other places of his/ her interest. Ask him/her to make a note of all the places he/ she visits and the things he/she sees so that he/she is able to discuss his/her experience in class after the vacation.

EVS

General Instructions:

- Revise all the chapters done so far.
- Do the holiday homework on A-4 size sheets/ a thin scrapbook.
- Put them into a self-made folder and label the folder as well.

1. **Grow baby plants from seedless plants-** It might surprise you that few vegetables (carrot, turnip, onion, potato) can be used to grow baby plants. Let's see how:

- Put the top of the carrot or turnip into a deep dish leaving some space between them
- Pour water into the dish till vegetable tops are covered with water.
- Add some water every day to maintain water level. After 10 days you will see seedlings coming out of them, plant them in pots and take care of them during your holidays.
- Click pictures at every step and paste them in your scrapbook.

2. **Go Green** -5th June is the World Environment Day- Let's contribute to this in our own special way.

Make your own handmade sheet by recycling old newspapers. / Try your hand at Papier Mache Art.

Material Required: Old newspaper, water, a container, mixer, two plastic sheets, watercolor and a roller pin.

Procedure: * Tear up your scrap/ old newspapers into small (about one inch) pieces and soak them in warm water in a container.

- * After 2-3 days, take out the paper bits and blend it in a blender or mixer to make smooth pulp.
- * Add watercolor in it of your own choice for a colorful sheet.
- * Drain extra water from the pulp using a strainer.
- * Place the plastic sheet on a flat surface
- * Pour your pulp mixture on it and spread the pulp well. Now, cover it with another plastic sheet.
- * Take a roller pin and roll over it until it is thin like a chapati.
- * Remove the above sheet and keep it to dry.
- * Do not disturb the paper until it is totally dry.
- * Your handmade sheet is ready. You can make cards, paper bags etc.
- * The pulp can also be used for making items like bowls, a mask, a pen holder. (Surf the internet to find out ideas about this art. (papier mache').

3. You leave your footprints when you walk on sand. There is a term '**Carbon footprint**'. What does this mean? Find out the factors causing it and what can be your contribution towards reducing your carbon footprint. Write a paragraph on an A-4 size sheet explaining it.

4. PROJECTS: PLANT YOUR SEEDS

Take a clay pot or a tin can with a wide mouth. Make a small hole at the bottom of the can. Fill your can with soil. Put four or five seeds of the same kind in the soil and press them gently such as mustard (sarson), fenugreek (methi), sesame (til) or coriander (dhania).

WRITE

Name of the seed: _____.

The date on which you planted them: _____.

The day you observe something coming out of the soil, start filling the table.

| DATE | HEIGHT OF THE PLANT (IN CM) | NUMBER OF LEAVES SEEN | ANY OTHER CHANGE |
|------|-----------------------------|-----------------------|------------------|
| | | | |
| | | | |
| | | | |
| | | | |

ACTIVITY:

- Take some chana and three bowls.
- Put five chana in the first bowl and fill it up with water
- Put a damp piece of cloth or some cotton wool in the second bowl. Now keep the same number of chanas in it. Make sure that the cotton wool or cloth remains wet.
- Put the same number of chanas in the third bowl. Do not put anything else in it. Cover all the three bowls

| | Bowl 1 | Bowl 2 | Bowl 3 |
|------------------------------|---------------|---------------|---------------|
| Are the seeds getting air? | NO | YES | YES |
| Are the seeds getting water? | | | |
| What changes did you see? | | | |
| Have the seeds sprouted? | | | |

5. Let's make charts on A-3 size sheets according to the Roll No. given below:

1-10 Germination of seed
